

Convenience citizens; save your fire inspectors time and gas...

Scheduling your fire inspections and other appointments can get out of hand quickly. Citizens have to come to the fire department, or call in and tie up the valuable phone personell. With Trackersuite software, Bonsai Logic has again reinvented the wheel. Direct your citizens to the town web site to book their fire inspection appointments online today!

Welcome to the Town of Yarmouth Fire Department's online compliance inspection appointment system. Here is where we can place some introduction text to guide users into the process and what this website is all about.

Select your desired appointment time and then click "Continue".

- 07/03 @ 09:20 AM
- 07/04 @ 09:00 AM
- 07/10 @ 09:00 AM
- 07/11 @ 09:00 AM

*Easy scheduling for citizens.
Even easier schedule administration.*

Does your Fire Department suffer from any of the following?

- Inefficient or non-existent software to maintain schedules.
- Inability to check your inspection schedule quickly or at all.
- Citizens have to come to the FD to pay for an inspection?
- Sending field workers out with scribbled-on schedules?
- Can't take credit cards as payment for an inspection?

Why Use FireTracker™?

- ✓ Centralize schedules online so all personell can see or edit.
- ✓ Track payments with ease.
- ✓ Enables your citizens and realtors to go onto the town web site to schedule and pay for a fire inspection.
- ✓ Take credit card payment over the net, even if you do not currently have a credit card system in place.
